Title insurance is usually the last thing a homeowner thinks about.

We want to keep it that way.

Behind the scenes of every real estate transaction is the title insurance industry — a nationwide corps of detail-minded professionals who conduct in-depth searches to find and remedy any problems for the seller, buyer, or lender.

Boundary disputes, liens, assessments, undisclosed heirs — the list of possible problems is considerable. Title professionals look for these problems. They then make every effort to resolve them so the deal can close and the home buyer can move in with peace of mind.

And should a title problem arise in the future, an Owner's Policy of Title Insurance can provide complete protection — even to the point of paying for legal representation.

Title insurance isn't something homeowners should think about. It's simply something they should have.

How To Read Your Plat Maps

Rural Owners Listed On The Plat Alpha Pages Are Listed Alphabetically By Last Name, Followed By First Name, Township and Section Number. The Plat Maps Show The Outline Of The Parcel, Who Owns The Land And How Many Acres Are In The Parcel.

This publication has been prepared as a reference guide to property ownership. The data contained herein has been compiled from official city, state, and county public records. Due to the constant sale and transfer of property it is impossible to guarantee 100% accuracy. We believe that this information is correct and current at printing, however it is not intended for any legal use, whether it be in sales, transfers, trades, leases of any type etc. and do not accept responsibility for errors of any nature or omissions contained herein.

Small tracts of four acres or less and parcels within the boundaries of city limits or rural subdivisions are not shown on our plat maps. For more detailed plat information not available in this book contact your courthouse. Landowners whose names are unable to fit on the parcel are shown by a number in each section. These owners are identified in the additional name section following the plat index. (See the top of the page for page number.)

KEY

etux (Means & Wife)
etvir (Means & Husband)
etal (Means & Others)
*** (Means any of the above parcels with less than 25 acres)**
LE (Means Life Estate)
EST (Means Estate)
tr (Means Tracts)

Call Before You Trespass

Persons wishing to obtain access or hunt on private property must verify with landowner the availability of the land for public use. Not all contracts with the DNR require the owner to make their property available for public use. Please contact individual owner to obtain permission to access any property.

THE DIGITAL MAPPING SYSTEM

Farm and Home Publishers, Ltd. is pleased to introduce our "new look" plat book. In our never ending effort to produce the best and most accurate plat & directory book, Farm & Home Publishers has invested countless hours of research and development in the areas of GIS and digital cartography. The result of these efforts is the book you are now reading. By using computerized drafting, digital imagery and our own extensive informational updating procedure, we are able to combine data from several sources, including: County or Township Assessor's office, State Dept. of Transportation or Dept. of Highways and E 911 systems. The data is maintained on a computer system database and line drawing/drafting formats. Since the data is computerized by category or level, we can update and/or manipulate the data on a single level, such as primary paved roads, then combine it with other levels, such as hydrology or land ownership. When we combine certain levels, we are able to produce the easy to read township plat maps you see in this book. If we combine others levels, we produce the county map page. The geographic information in this book has been calibrated to fit the USGS quadrangle system so it is consistent with many other GIS systems in use today. With digital data, we are able to rescale maps to virtually any size, including 36 or 50 inch wall maps. We are also able to change linestyles or line "dominance" very easily to better show or enhance particular information. We hope you take a few minutes to observe some of these attributes in your plat book, we feel that you will find every page easy to read and professionally printed.

DEFORD DAZZLERS ROCKETRY 4-H CLUB

by Patricia Hansen

We had a marvelous trip and would first like to thank all of our personal and corporate sponsors for their generous donations which allowed us to attend the Competition.

It was a tough day. Thunderstorms moved in on the field quickly. We were scheduled for the first flight window and put up a gorgeous first flight. Unfortunately, it was grabbed by a rocket eating tree (this particular one - on the east side of the field and inside the fence is well known for its carnivorous, rocket appetite) and hung up about 75 ft. in the tree. There was no way to get it down safely. Our NAR official could hear the altimeter chirping the altitude - 824 ft. (825 ft. was the goal) and our flight time was 48.14 sec. with the flight window being a range of 48-50 sec. so no deduction on time. The score would have been 1 which is near perfect. However, because it could not be safely retrieved in the time allotted for returns to the judge's desk, it could not be scored since the astronauts (eggs) had to be checked for damage. We were then scheduled for a re-flight. However, flight windows were jam packed with multiple delays as the winds began picking up and some of the gusts exceeded 20 mph. Due to the delays, we did not get into a flight window before it began spitting rain. We had to fly in steady winds of approximately 15 mph. and wait in between gusts to launch. That's really, really hard on rockets this size, and it weather cocked in the wind causing us to fall short on the altitude. Our score was 46. That was very disappointing, however, no other team from our flight window scored any better, and it was just enough to sneak us into the top 40 for a second flight and shot at making it into the top 20. However, while our rocket was waiting on the stand with its altimeter beeping that it was ready to go, lightning strikes were seen close by. The competition had to be called and everyone ran for cover. The field had 48 steel rocket launch pads with 6-8 ft. steel rails on each one which made it one giant lightning rod and very, very unsafe for the competition to continue. Since 24 of the 40 had managed to get their rockets in the air before the lightning, the top 20 positions were declared from these teams, so we did not have a top 20 finish. It was definitely a disappointment. However, we were quite thrilled at the awards banquet to find out that the Deford Dazzlers had won the presentation competition! This is a very tough technical competition in which to place and winning is a huge accomplishment. We received a beautiful, engraved plaque and $500.00 to help us fund our next season.

As part of the trip, we were honored to visit Arlington National Cemetery and witness the changing of the guard at the Tomb of the Unknown Soldier, and we witnessed the funeral procession of a soldier being laid to rest. Several team members felt that regardless of the competition outcome, all of our hard work and fundraising efforts were worth this one experience. It was a deeply moving. We also had the opportunity to visit Senator Stabenow's office after the Congressional Breakfast, "Rockets on the Hill," and had the privilege of then witnessing the House of Representatives in session.

Again, we cannot thank the community enough for rallying behind us to make this trip happen. We want to thank Mr. and Mrs. Dan Allen, of Dan's Fireplace and Stove, for driving our launch stand, rockets, and field equipment and chaperoning as well as assisting our mentor Mark Hansen. We would also like to express our deep gratitude to Jim and Sue Baughman of White Creek Farms for providing our flying field, observing our qualifying flights, and giving us their unwavering support, and without Michigan State University, the Tuscola County MSU extension office, Heather Middleton, and Cathy Patterson, we would not be able to accomplish this nor have these experiences.

Next year's competition rules have already been issued. We brainstormed on the way home, and have plans and designs ready for the 2014/15 season. We are honored to continue to represent Tuscola County and 4-H on a national level.

Top 10 Reasons to Volunteer for 4-H

1. Learn from young people.
2. Share my knowledge and talents.
3. Help others.
4. Spend time with my family.
5. Have fun!
6. Make new friends.
7. Impart 4-H values.
8. Watch youth grow.
9. Get more back than I give.
10. Discover more about myself.

In Memory of Jennifer Ann (Spaulding) Jackson

Birth: October 15, 1967 *Death: February 7, 2014*

Jenny was a loving wife and mother, constantly committed to her family. She was an active participant in 4-H as a council member and parent. Jenny was involved with the Great Lakes State Fair as an exhibitor, and enjoyed being outdoors where she could garden and birdwatch. She was also an avid bowler and was the Tuscola County Bowler of the Year in 2011. A cancer survivor, Jenny was a participant in the Tuscola Relay for Life.

Jennifer is survived by her husband, Myron and two children, Adrianna and Adam of Caro (Juniata Township).

TUSCOLA COUNTY FARM BUREAU®

"Where Belonging Makes A Difference"

County Committee's:
Candidate Evaluation
Communication
Membership
Policy Development
Public Policy
Young Farmer
Promotion & Education

County Activities/Programs:

Legislative/Commissioner's Meeting:
Tuscola County Farm Bureau invites local, state, & national government officials along with the County & Road Commissioners to a luncheon meeting. This meeting keeps the communication open and gives the opportunity to discuss issues and update everyone on Farm Bureau policy. Held in March.

Read in the Classroom:
Held during Ag week in the month of March. The Promotion & Education Committee recruits members to go into the area kindergarten classrooms and read stories pertaining to agriculture.

Fair Luncheon:
Tuscola County Farm Bureau sponsors a 4-H buyers luncheon for buyers & 4-H students and their families. Held Thursday of fair week at the Tuscola County Fairgrounds.

Project R.E.D.:
An event where area 3rd graders get the opportunity to learn about different aspects of local agriculture. Held in September.

Rolling RED Barn:
A movable barn that the Tuscola County Farm Bureau loans out to area schools. The barn is full of books, video's, activity sheets and farm equipment that the students can play with.

**If you are interested in participating or volunteering for any of the above activities, please contact the County Office*

4-H PLEDGE

I pledge:

My Head to clearer thinking, My Heart to greater loyalty,
My Hands to larger service, and My Health to better living,
For my club, my community, my country and my world.

The first H stands for Head; *clear thinking, problem solving, decision making, critical thinking skills, visionary leadership, and knowledge that is useful throughout life.*

The second H stands for Heart; *greater loyalty, strong personal values, a positive self-concept, productive family and peer relationships, informal citizenship.*

The third H stands for Hands; *"larger service," practice and develop workforce preparedness, useful skills, science and technology literacy, community service.*

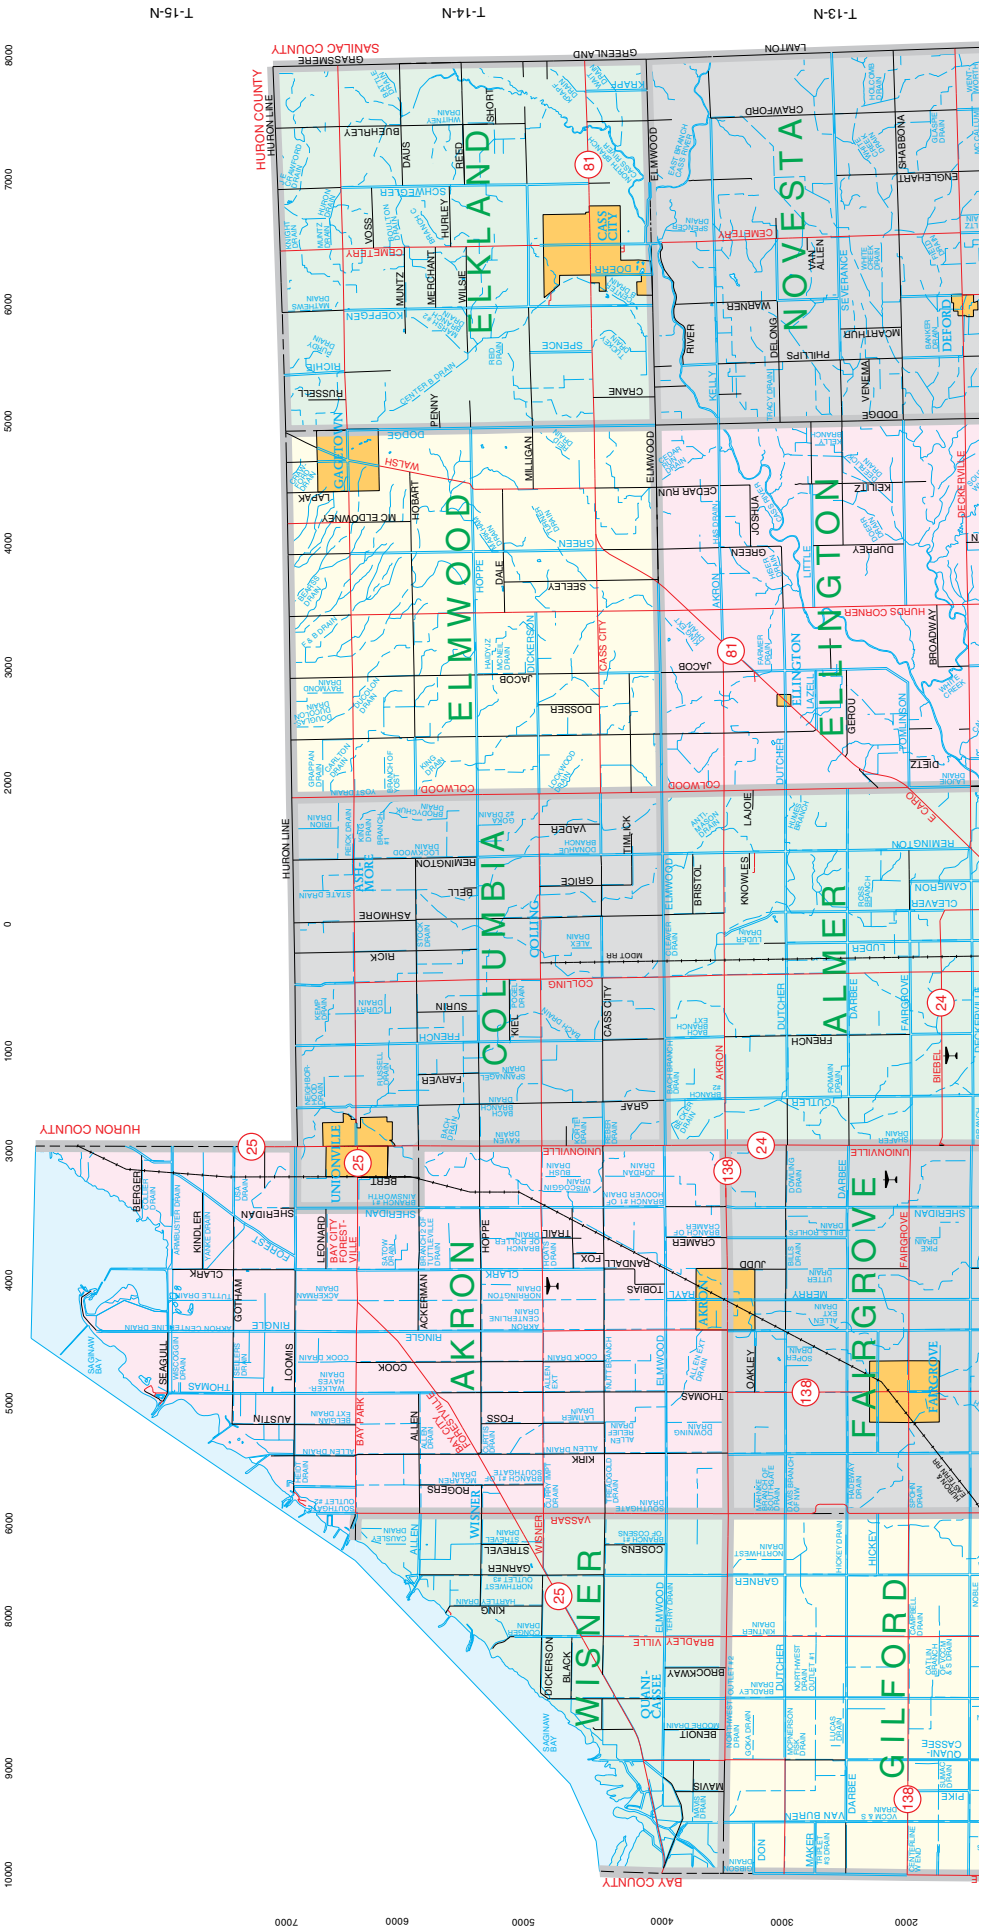

The fourth H stands for Health; *working toward better living by practicing and developing healthy personal lifestyles, promoting environmental stewardship, creating communities that are safe and nurturing for youth and their families.*

MISSION STATEMENT

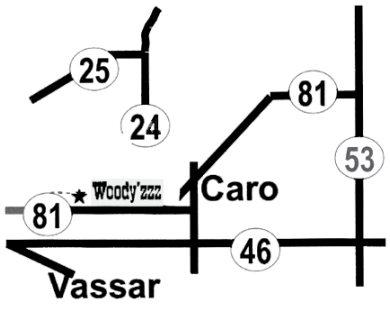

The WOODY'ZZZ Motel is an establishment that understands value, quality, and the importance of hospitality to our guests, staff and community.

We will continually evaluate our performance based on our guests satisfaction and expectations.

We will monitor the market to keep competitive and up-to-date on industry changes.

We understand that the hospitality business is ever changing and that we must change with it.

Our number one objective is to offer our guests a stay that leaves them with a lasting impression of a great value, a clean, well maintained facility and friendly efficient service. An experience they will want to repeat.

MICHIGAN STATE UNIVERSITY EXTENSION

Tuscola County MSU Extension
362 Green Street
Caro, Michigan 48723

(989) 672-3870

http://www.msue.anr.msu.edu/county/info/tuscola

A county-state-federal partnership bringing knowledge to life in Tuscola County!

MSU Extension helps people improve their lives through an educational process that applies knowledge to critical issues, needs and opportunities. Extension offices in counties throughout the state link the research of the state's land grant university, MSU, with the issues of concern in local communities. Extension provides information and offers educational programs in agriculture and natural resources, youth and families, community and economic development. Local citizens serve on the County Extension Council and help select current focus areas for programming.

WE OFFER TUSCOLA COUNTY:

- Expert advice in subjects important to individuals, families, communities, businesses, government and agriculture.
- Educational (and fun) programs designed to help adults, youth and our communities become healthy, safer, happier and more productive.
- Thousands of educational bulletins, other informative publications and videotapes on a large variety of topics.
- Opportunities for volunteer service for youth and adults through our 4-H and Master Gardener programs.
- Meeting rooms for groups of 25 or less with multimedia projection equipment, internet access and free parking!

Agriculture & Natural Resources

We offer expertise, programs and educational resources in: farm safety, manure management, production, disease control, insect and parasite control, fertilization, weed control, soils, wildlife pest control, recycling and composting, handling of household hazardous waste, water quality, groundwater protection, land use, pond management, and more.

Farm/Business Management

We offer expertise and services to Saginaw Valley Area Agriculture and small businesses. Educational programs and information in various levels of Management Systems, Business Planning, Business Tax Management, Farm & Business Estate Succession - Transfers Planning, Human Resource Management (labor), Commodity Marketing and Production Economics. Providing support for the "TELFARM" Farm Financial Accounting systems and support for the "FINPACK" Farm Financial Management software package that gives individuals and farm businesses the ability to evaluate financial performance or develop projected financial situations.

Horticulture

We offer expertise, programs and educational resources in: soils, fertilization, weed control, pesticide practices, disease and insect control, turf grass management, fruit and vegetable production, marketing, tree and shrub management, gardening, landscaping, Christmas tree production and more. The Michigan Master Gardener Program is a horticulture education and volunteer leader training program offered by MSU Extension.

4-H Youth Development

We offer expertise, programs and educational resources for youth and volunteers. Programs such as MSU Exploration Days, Character Education, youth mentoring, and leadership development are designed to help children, youth and families reach their fullest potential. Ask about our resources for schools, churches and other youth development organizations or about starting a 4-H Club.

Food Budgeting, Safety & Nutrition

We offer FREE programs and educational resources to improve the nutrition and quality of life for our children and families in Tuscola County. Our programs for food stamp eligible participants focus on food safety, menu planning, nutrition, food preparation, and more.

Community & Economic Development

We offer expertise, programs and educational resources in community, economic and leadership development; land use planning; public affairs; small and home-based business counseling; and more. Ask about our Community Assessment Teams, State & Local Government workshops, and Citizen Planner program.

TUSCOLA COUNTY, MICHIGAN PLAT INDEX

The plat maps show the outline of the parcel, who owns the land and how many acres are contained in the parcel. Rural owners are listed alphabetically by last name, first name, township and section number.

TUSCOLA COUNTY, MICHIGAN PLAT ADDITIONAL NAMES

Some landowners on the plat maps are listed by a black number due to the space available on each map. These landowners can be identified by cross-referencing the number on the map to the names in the same township and section number listed in this section. Farm & Home Publishers, Ltd. tries to list as many names as possible but space is limited on each map due to the number of landowners.
